

# Horizontal Rail, Rear, Type H-ST, Heavy, Standard, 20 HP

**KATALOGNUMMER**

**34560-520**

### Combinations of horizontal rails and side panels

|                |                                                                                     | $\Delta \sigma^+$ + can be combined, $\Delta \sigma^-$ combination: not recommended |                                 |                                            |                     |
|----------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|---------------------------------|--------------------------------------------|---------------------|
| Heavy + H      |  | -                                                                                   | +                               | +                                          | Allowed for support |
|                |  | +                                                                                   | Allowed for flexible connection | network for heavy and medium load capacity | +                   |
| Light + L      |  | Allowed for light                                                                   | network for flexible            | +                                          | -                   |
|                |  | +                                                                                   | +                               | -                                          | -                   |
| Horizontal (H) |  | Light + L                                                                           | Channel + D                     | Heavy + H                                  | Support + R         |
|                |  |                                                                                     |                                 |                                            |                     |

**Notes from manufacturer:**

The horizontal rail, type ST enables the isolated assembly of a backplane. The isolation is done by an insulation strip.

## CERTIFICERINGER

## FUNKTIONER

### For indirect backplane mounting with insulation strip

Standard where mechanical demands are high (H-ST)

### Mounting top and bottom

< 28 HP not printed

Aluminum extrusion, anodized finish, conductive contact surface, with HP markings

## PRODUKTEGENSKABER

Rack Width: 20HP

Pakke mængde: 1

Finish: Anodized

Length: 106.68mm

Materiale: Aluminium

Produktfamilie: EuropacPRO; RatiopacPRO; RatiopacPRO AIR; CompacPRO; PropacPRO

Product Type: Horizontal Rail

Type: Heavy, ST

Works With: Subracks; Cases

## YDERLIGERE PRODUKTOPLYSNINGER

Delivery is in standard pack multiples. Pricing is per individual item.

## ADVARSEL

nVent-produkter skal kun installeres og anvendes som angivet i nVents produktvejledninger og træningsmaterialer. Vejledninger er tilgængelige på [www.nvent.com](http://www.nvent.com) og hos din nVent kundeservicerepræsentant. Forkert installation, misbrug, fejlanvendelse eller anden undladelse af fuldt ud at følge nVents instruktioner og advarsler kan medføre funktionsfejl, materielle skader, alvorlige personskader eller død og/eller ugyldiggøre din garanti.
