

New Product Introductions

Fall 2025

Our nVent CADDY team of experts take time to create solutions with the customer and their challenges in mind — as well as building code requirements, difficult project challenges, and trends in the current market. Hours of research, product development and engineering go into nVent CADDY products to help solve for several barriers in the electrical and datacom markets. Our new product additions and improved offerings are the culmination of ongoing feedback provided by installation contractors. The results are a testament to our dedication to overall project cost savings, quality and innovation.

Benefits of our new and improved nVent CADDY solutions include:

Tool-free Installation

Labor Savings

Fast and Easy Installation

Designed for Electrical

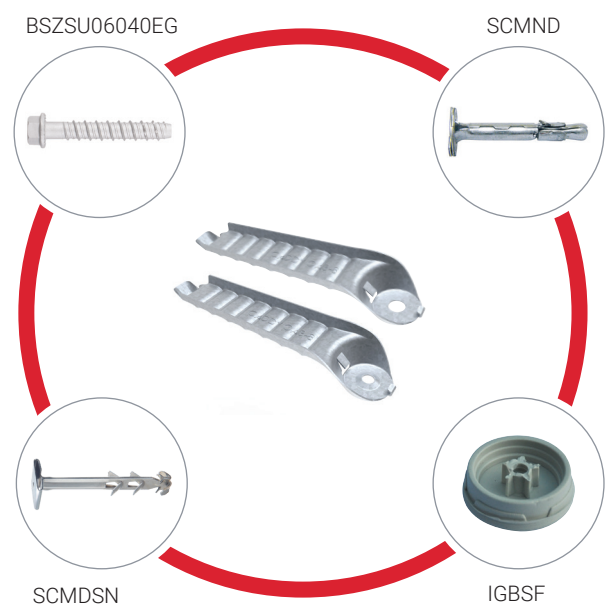

Time & Cost Savings

Designed for Datacom

SINGLE-ARM CABLE PRESSURE CLIP (OAB8/OAB8DF)

- Cables are neatly installed, providing a consistent and professional appearance
- Gangable/Two-in-one solution; two nVent CADDY Single-Arm Cable Pressure Clips can be combined by hand to instantly double the cable capacity per single fixing point
- Compatible with direct fastening and traditional anchoring
- Reusable in case of nail misfire
- More robust and durable than plastic pressure clips
- Rounded edges help prevent cable damage
- Low-profile design allows for installation in tight spaces

RECENTLY LAUNCHED
